McMillan Receives Awards

License Collector Mike McMillan recently received two awards for his dedication to the St. Louis community.

“I am honored to be recognized by these two institutions,” said McMillan. “These institutions serve a vital role for the everyday needs of the citizens of our city and I will work with them well into the future.”

For outstanding service to the community and his charitable work, License Collector McMillan was recognized as African-American Citizen of the Year by the St. Louis Gateway Classic Sports Foundation. The Leonard Missionary Baptist Church also presented him with an award for his support of their mission, and his commitment to the City of St. Louis. While McMillan was Alderman of the 19th Ward, he worked with Leonard M.B. Church to rebuild after the tragic fire in 1996 that destroyed their sanctuary.
